

Acknowledgements

California Perspectives in Healthcare represents a new and dynamic approach by the Office of Statewide Health Planning and Development (OSHPD). This second edition is a result of the enthusiastic response received from a pilot first edition electronically published in 2000. **California Perspectives in Healthcare** was prepared by staff in the Healthcare Quality and Analysis Division and the Healthcare Information Division. Much time and effort were put into the preparation of this product by Deborah Ryan, Diane Dargan, Cathy Pinkston, Ginger Cox, Laura Russell, Jan Orsini, Charlene Parham, Kathy Bolin, Jan Morgan, Karen Baker, Sheree DiCicco and Starla Ledbetter. Special thanks to the team of students for their assistance: Vince Adversalo, Jennifer Gayton, Austin Holt, Wency Luke, Annette Ponce, Heather Rutledge, Lila Watson.

Special thanks to the Public Information Committee for their valuable contributions in the development of this new product, and to Michael Kassis, Deputy Director of the Healthcare Information Division, for allowing us creative freedom while the first edition was in the development stages. Special thanks also to Loel Solomon, Deputy Director of the Healthcare Quality and Analysis Division, for enthusiastically guiding the second edition's completion and promotion. In addition, we acknowledge the input of two Committees of the California Health Policy and Data Advisory Commission (CHPDAC): the Health Data and Public Information Committee and the Public Information Committee in the refinement of this product. Special thanks to the California State Department of Finance for the population data and to the Employment Development Department's Labor Market Information Division for the employment information.

The information included in **California Perspectives in Healthcare** comes from OSHPD's 1999 databases:

- ☐ ♦ ☐ Annual Hospital Financial Disclosure Reports.
- ☐ ♦ ☐ Patient Discharge Data Reports
- ☐ ♦ ☐ Long-term Care Financial and Disclosure Reports
- ☐ ♦ ☐ Annual Utilization Reports for:
 - ☐ ☐ -Hospitals
 - ☐ ☐ -Long-term Care Facilities
 - ☐ ☐ -Primary Care Clinics
 - ☐ ☐ -Home Health Agencies
 - ☐ ☐ -Hospices
